

Atlas Industries — Expense Claim Standard Operating Procedure

Document ID: FIN-EXP-002 **Owner:** Finance Operations **Last Updated:** 1 March 2025
Version: 4.2

1. Purpose

This SOP describes how an Atlas Industries employee submits and tracks an expense claim for reimbursement after business-related spend.

2. Before You Spend

- Confirm that the expense is covered by an Atlas policy (FIN-TRV-001 for domestic travel, FIN-INTL-007 for international, FIN-CLI-009 for client dining).
- Get pre-approval from your direct manager **in writing** (email or HRIS approval) for any expected total above 5,000 EGP.
- Keep all original receipts. Photo or PDF scans are acceptable for the digital submission, but the originals must be retained for 60 days in case of audit.

3. Submission Steps

1. Sign in to `expenses.atlas-industries.com` with your SSO.
2. Click **New Expense Claim**.
3. Choose the claim type (Travel, Client Hospitality, Office Supplies, Other).
4. For each line item:
 - Date of the expense
 - Vendor / merchant
 - Category (the system shows the cap if one applies)
 - Amount and currency
 - Upload the receipt image or PDF
5. Add a short description of the business purpose at the claim level (3 to 5 lines).
6. Submit. Your direct manager receives the claim for approval automatically.

4. Required Documentation by Category

Category	Documentation
Hotel	Folio with name, dates, daily rate, total
Taxi / ride-hailing	App receipt with date, distance, fare
Meals (non-per-diem)	Restaurant receipt; for >1,000 EGP also names of attendees
Air / rail tickets	Booking confirmation + boarding pass
Office supplies	Vendor invoice with VAT number

5. Approvals

Total claim amount	Approval chain
Up to 5,000 EGP	Direct manager only
5,001 – 25,000 EGP	Direct manager + Finance Manager
25,001 – 100,000 EGP	Direct manager + Finance Manager + CFO
Above 100,000 EGP	Above + CEO

6. Submission Window

- **30 days from the trip end date** is the standard window.
- Claims between 31 and 60 days late may be approved with written justification from the department head.
- Claims **older than 60 days are not reimbursable**.

7. Payment

- Standard processing: **10 business days** from a fully approved claim to payout.
- Payments are made to the employee's salary bank account, marked as a separate transaction with the claim number in the reference.

8. Returned Claims

If a claim is returned for missing information, you have 10 business days to resubmit. Resubmission resets the 10-day processing clock.

9. Audit

- Finance audits 10% of submitted claims randomly each quarter.
- Audited claims may be asked to produce original (paper) receipts within 5 business days.
- Inability to produce originals may result in the claim being voided and amounts recovered from payroll.
