

Atlas Industries — Remote Work Policy

Policy ID: HR-RMT-002 **Owner:** People Operations **Effective Date:** 1 September 2024
Version: 2.4

1. Purpose

This policy defines when and how Atlas Industries employees may work remotely, the eligibility criteria, and the obligations of both the employee and the manager.

2. Eligibility

- All full-time employees who have completed the **90-day probation period** are eligible.
- New hires may not work remotely during probation, except in documented exceptional circumstances (medical, relocation in progress) approved by the department head.
- Eligibility may be paused if performance falls below expectations on the most recent review cycle.

3. Standard Arrangement

- Employees may work remotely **up to 3 days per week**, with the remaining 2 days on-site.
- The specific remote days are agreed between the employee and the direct manager, documented in the HRIS, and reviewed every 6 months.
- Mandatory on-site days are defined per team (typically Sunday and Wednesday) for collaboration and planning.

4. Approval

- Standard 3-day pattern: manager approval, recorded in HRIS.
- Full-week remote work for short windows (up to 2 weeks per quarter): manager + HR Business Partner approval, must be requested at least 10 business days in advance.
- Fully remote arrangements beyond 2 weeks per quarter are not standard and require department head + Head of People approval.

5. Workspace Requirements

When working remotely, employees must: - Have a quiet, professional workspace suitable for video calls. - Maintain a reliable internet connection (minimum 25 Mbps download). - Use only the company-issued laptop on the company VPN (see IT-VPN-001). - Be reachable during their normal working hours via Teams and email.

6. Working from Outside Egypt

- Remote work from outside Egypt requires additional approval from Legal and Finance due to tax and labor law implications.

- Short business-trip extensions of up to 5 working days do not need this additional approval.
- “Workation” arrangements longer than 5 working days require submission 30 days in advance.

7. Equipment

- The company provides the laptop, monitor (one), keyboard, mouse, and headset.
- A home internet stipend is **not** offered.
- Damage to equipment caused by negligence is recoverable from the employee.

8. Termination of Arrangement

- Either party may end the arrangement with 10 business days’ written notice.
 - Atlas Industries reserves the right to require on-site presence for specific projects, team events, or training.
